DHFW/IDSP-10/nCoV-1/2019-2020/ 1299

Dated, Kohima 28th Dec. 2020.

ORDER

As per the Directives of The National Task Force on Covid-19 (NTF) in light of the emergence of a new variant strain of Covid-19, the following Strategies have to be put with immediate effect to detect and contain the mutant virus.

1. All passengers who had arrived from UK after 20th December are to be tracked by the IDSP State Surveillance Units(SSUs) and District Surveillance Units(DSUs).
2. Testing as per ICMR guidelines of these passengers is to be done.
3. If found positive, Samples of all positive cases are to be sent for Whole Genome Sequencing(WGS). List of Laboratory is Attached.
4. Enhanced contact tracing of these positive cases is to be undertaken and all these contacts are to be put in facility quarantine.
5. Discharge of positive cases will be after ensuring two samples testing negative after 14 days.
6. 5% of all positive cases from the State will be sent for WGS.
